Carl D Perkins Act of 2006
Career and Technical Education Consortium Application

List below those school districts or postsecondary institutions that are requesting to realign membership, to form a Carl Perkins consortium or remain as a single district. This request will be reviewed and confirmed by the Department of Career and Technical Education. To be fully considered this application must be submitted by February 8, 2008

Federal law states that you must meet a $15,000 minimum allocation individually ($50,000 for postsecondary) or you must form a consortium to reach that $15,000 level. All schools or institutions that want to access Carl Perkins funding and do not meet the threshold above shall be assigned to a consortium.

You must concur to the Perkins Consortium Policies and Procedures if you enter into a consortium agreement.
